Regional Program “Improving Forest Law Enforcement and Governance (FLEG) in the European Neighbourhood Policy East Countries and Russia”

TERMS OF REFERENCE

for the Services of

International Forest Consultant

TA-P111139-TAS-TF091437

BACKGROUND

The regional program “Improving Forest Law Enforcement and Governance in the European Neighbourhood Policy East Countries and Russia” (the “Program”) is aimed at putting in place improved forest governance arrangements through the effective implementation of the main priorities set out in the St. Petersburg Ministerial Declaration and Indicative Plan of Actions for the Europe and North Asia Forest Law Enforcement and Governance (ENA-FLEG) process.

The Program will be carried out over a three-year period, from July 2008 through June 2011. It will specifically cover seven countries of the ENA Region, including six members of the European Neighbourhood Policy Initiative (ENPI) – Armenia, Azerbaijan, Belarus, Georgia, Republic of Moldova, Ukraine – and the Russian Federation. The Program will support selected pilot activities to be implemented with the active involvement of governments, civil society and the private sector. Most activities will be at a country level, complemented by strategically targeted sub-regional and regional actions. It is also envisaged that the Program will facilitate preparation of the 2nd ENA-FLEG Ministerial Conference in 2010.

The Program is supported by the European Commission and other donors contributing to a special multi-donor trust fund administered by the World Bank (WB). Implementation of the Program is led by the World Bank, working in partnership with the International Union for Conservation of Nature and Natural Resources (IUCN) and the World Wide Fund for Nature (WWF) (all three collectively referred to as the “Implementing Organizations” or “IO’s”) and in close coordination with governmental and nongovernmental stakeholders of the participating countries.

Implementation of the program will depend on synchronization of Program activities between the IO’s, and their ability to communicate the agreed Program objectives with stakeholders. To this end, the IO’s have agreed to establish a Program Management Team (PMT) consisting of three Program Managers (PMs), one from each IO.

---

1 Representatives of the five Central Asian countries – Kazakhstan, Kyrgyz Republic, Tajikistan, Turkmenistan, and Uzbekistan – may also be invited to participate in the Program’s subregional and regional activities.
The purpose of the assignment is to analyze and provide recommendation for improvement of the existing governance framework and management practices in the forestry sector in Azerbaijan. Specifically, the Consultant will be responsible for the fulfilment of the following tasks:

- Search for ways to harmonize the current institutional and governance framework in the forest sector of Azerbaijan with the best international practices;
- Assess the needs of the forest sector stakeholders on forest governance, management and institutional strengthening. To facilitate a comprehensive assessment, the consultant will hold meetings and consultations with respective stakeholders; Study past and current traditional modes of governance and management practices in the forest sector;
- Effectively collaborate with a consultancy company which will in parallel be involved in survey and analysis of the economic and social impact of inefficient, unsustainable forest practices and illegal logging;
- review similar studies which have already been conducted, both on the national and international level, and incorporate the results of those studies respectively;
- study the regional experience in forestry governance, especially for transboundary areas;
- identify gaps in the Azerbaijan forestry sector governance area and management practices, and provide a set of recommendation for improvement within the Azerbaijan segment of FLEG Program;
- summarize all the findings and recommendations in a report which should be presented and widely discussed with all relevant stakeholders, and then finalized with incorporation of the feedback from those consulted.

Stakeholders’ consultations will be carried out through round table discussions, workshops, and seminars, both in Baku and in selected districts, advised by the FLEG WB Program Coordinator. The list of stakeholders should be proposed by the Consultant and advised and agreed with the FLEG WB Program Coordinator.

In implementation of the tasks above, the Consultant will work together with the legal experts as well as collaborate with a consultancy company to contribute to the development of several activities foreseen in the country work plan. The Consultant will also ensure coordination of his work with other FLEG activities in Azerbaijan.

**TIMING AND REPORTING**

The total duration of the assignment is 6 month, starting in June, 2011, with 60 working days – out of which 15 working days to be spent in Baku: three 5 day trips, one scheduled for the beginning of the assignment, and two others scheduled as needed during the duration of the assignment.

The Consultant will submit brief progress reports on a monthly basis. The timing of the deliverables will be as follows:
